A Periodic Newsletter from Taylor Plumbing Inc.

CHRISTMAS 2002

In the spirit of the season, instead of customer gifts or cards, we are making donations to the following charities:

- Salvation Army
- Clearbrook Center
- Breast Cancer Research
- Make-a-Wish Foundation

We at Taylor Plumbing wish you a Merry Christmas and a Happy and Peaceful New Year.

IT'S NOT TOO SOON...

Remember when the grass was green and lush, and the flowers blooming and fragrant? Keeping these things in mind helps me get through these Chicago winters.

Winter is here now, but Spring is not far away. It's not too soon to begin thinking about your lawn and landscape irrigation system. Proper turn-on and repair of any winter damage will help insure a trouble free summer season.

Are you tired of your irrigation system watering your parking lot, brown spots on your lawn or just overall poor performance? Not to mention wasted water!

Taylor Plumbing can make your system work the way its supposed to. Just call Joe @ 888-572-2955.

~ Final Thought ~

Love is above all, the gift
